ABOUT US

About Mallmartturk,

As you all know very well, since our establishment as Mallmartturk, in all our areas of activity, we have always followed a corporate philosophy that drives us to make choices not just between good and bad, but between good and the best.

Our goal has been to add value to our country, to be among the internationally respected companies, and to fly the flag of both our country and our group in every corner of the world. We set our mission in line with this vision and have always moved forward with this goal. Of course, to achieve this, we had to adapt to change and continuously invest.

These investments were directed towards knowledge, innovation, technology, and most importantly, the value we place on people. In short, these were investments in MALLMARTTÜRK's future, which is also our future. Throughout this development process, we were always guided by our leadership principles: "Unity, Passion, Determination, Faith." When these four elements are at the core, the path to leadership becomes swift.

We know that a brand is born, grows, evolves, achieves success, gains trust, is accepted, and becomes lasting for generations through its mission and vision. Today, we take pride in working with the awareness of being a brand that has achieved leadership in every field in which it operates.

Respectfully,

bien
