ABOUT US

About Mallmartturk,

As you all know very well, since our establishment as Mallmartturk, in all our areas of activity, we have always followed a corporate philosophy that drives us to make choices not just between good and bad, but between good and the best.

Our goal has been to add value to our country, to be among the internationally respected companies, and to fly the flag of both our country and our group in every corner of the world. We set our mission in line with this vision and have always moved forward with this goal. Of course, to achieve this, we had to adapt to change and continuously invest.

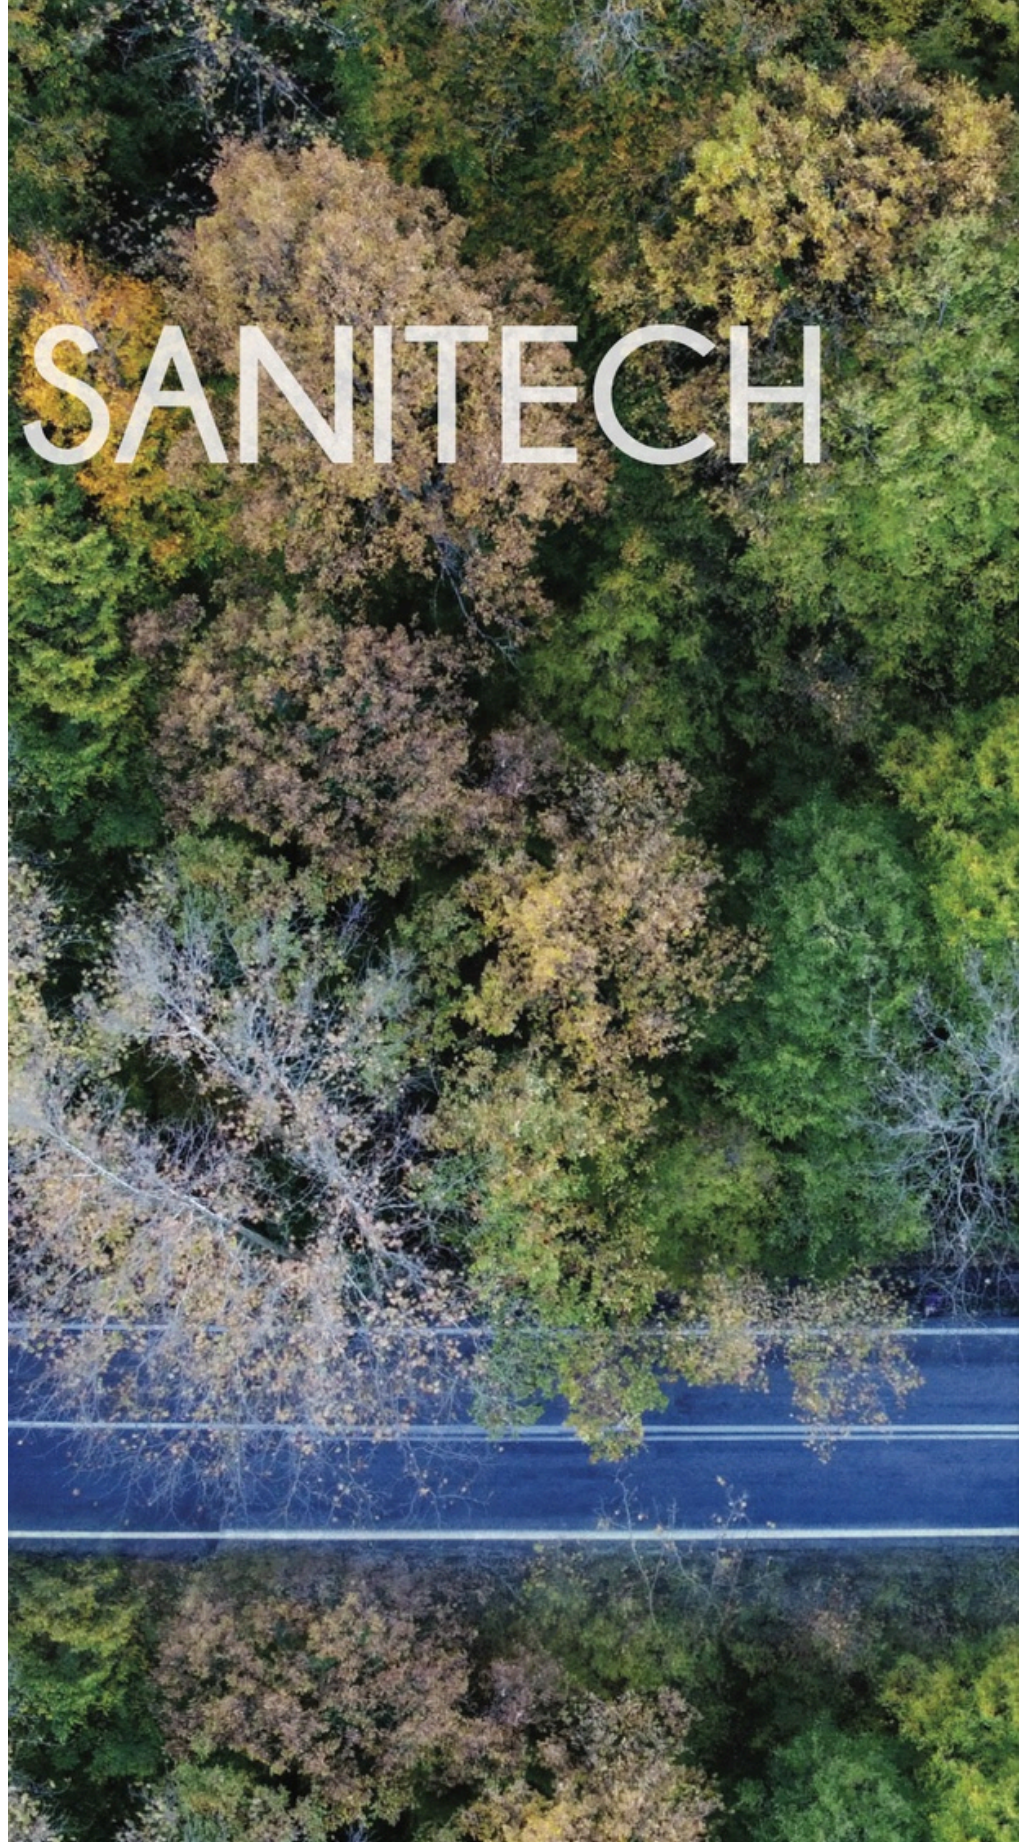

These investments were directed towards knowledge, innovation, technology, and most importantly, the value we place on people. In short, these were investments in MALLMARTTÜRK's future, which is also our future. Throughout this development process, we were always guided by our leadership principles: "Unity, Passion, Determination, Faith." When these four elements are at the core, the path to leadership becomes swift.

We know that a brand is born, grows, evolves, achieves success, gains trust, is accepted, and becomes lasting for generations through its mission and vision. Today, we take pride in working with the awareness of being a brand that has achieved leadership in every field in which it operates.

Respectfully,

M

SANITECH

Eco-Friendly Technology

Quarter Bath products are designed and manufactured as environmentally friendly products that maximize water saving.

Our products with **Q Green** technology provide a perfect solution by consuming less water than toilets with normal washing.

Q Green technology toilets, compared to conventional 6 to 9 liters operating toilets, **with a full function of 4.5 liters, saves nearly 7200* liters of water per year**. With this feature, it protects both your budget and nature.

* 7200 liters is calculated by comparing the average annual consumption of a family of 4 people.

With **M**Colors, baths are more colorful now...

ARTISAN EDITION

INFINITY COLLECTION

COLORISVEA PALETTE

ISVEA

ARTISAN EDITION

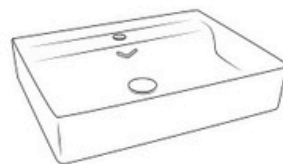

By blending ISVEA's Renaissance-inspired artistic spirit with the centuries-old craftsmanship of artisans, we bring the depth of "Artisan" design to our collections. The Artisan Edition builds a bridge between the past and the future and creates a kind of passion, splendor and modern symbol with its minimal and retro style.

“

It reflects the traces of the past to its users by blending it perfectly with Artisan Edition designs. Thus, it transforms the unique products of the past into beauties that can be brought together with the future.

“

Artisan Edition adds the value of handcraftsmanship to Isvea collections by enriching the knowledge of generations and the past, and brings users together with creative, original, very special bathrooms that combine traditional designs and technology.

ISVEA INFINITY COLLECTION

The INFINITY collection, which has a natural and minimalist look with its soft lines, is an endless series that evolves and continues, born from the combination of Isvea's 60 years of production adventure with Italian design aesthetics...

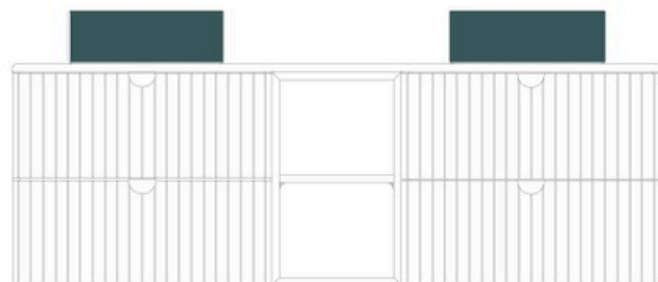

“

"INFINITY, which has a minimalist look with soft and clean lines in every element, as the name suggests, refers to an infinite series where curves, straight lines and fluid shapes gain a different meaning and become aesthetic and useful objects in the bathroom. It evokes a continuous transformation..."

WAU Architetti

The series consisting of wall-hung toilets, wall-hung bidets and countertop washbasins is designed for those who want to make free choices in their bathroom with the form, color and size alternatives it offers.

INFINITY, which offers 10 different color alternatives with a sophisticated color palette #COLORISVEA bearing the signature of WAU Architetti, ISVEA's Turin-based design partner, inspires those who want to go beyond the usual colors while designing their bathrooms.

DESIGNED BY W·A·U

**INFINITY
BATHROOM
FURNITURE
COLLECTION**

INFINITY, ISVEA's upper segment design series "Designo" segment, is designed for those who want to make free choices in the bathroom.

While creating INFINITY, the design team imagined a modular structure that can be shaped according to usage area and need for modern urban bathrooms.

INFINITY, which offers combination options in 5 different sizes ranging from 80-150cm, offers 6 different color alternatives, and ISVEA's sophisticated palette, ColorIsvea colors. It is fully compatible. Offering alternatives in color combination as well as its modular structure, INFINITY appeals to those looking for freedom in bathroom design.

ISVEA TECH

As ISVEA, we focus on offering an aesthetic and design perspective together with technological superiority in our products.

We produce products at international standards by blending aesthetics, comfort and the latest technologies in the bathroom.

With the technologies developed by our R&D teams, we strive to transform bathrooms into much more useful and enjoyable living spaces.

We offer our users a more hygienic and comfortable bathroom experience with Sharp&Slim 5mm thin edge technology, ClearimPlus rimless toilet bowl technology, SensoClean photocell bidet nozzle, CleanWash integrated bidet nozzle, Soft-Close antibacterial Quick Release cover and Aqua-Plus 4lt water consumption, Smart-Fix Plus installation feature and much more.

ULTIMATE FLUSH

TORNADOPRO

SENSOCLEAN

TornadoPro

ISVEA x tech @2023 TornadoPro Flush technology focuses on making modern lavatories more effective and efficient in respect of cleaning and water saving. TornadoPro Flush washing technology functions with water stemming from a single center, scanning reservoir wall in a vortex circular cycle on a special axis. It offers a quieter and stronger cleaning with less water use.

Ultimate Flush

ISVEA x tech @2023 Waterfall washing technology offers an impressive cleaning experience similar to "waterfall" through flow of water in a special form.

In Waterfall Flush Technology, which allows water to pour slowly from a larger area, water scans the walls of the toilet in a circular motion using a special design and flow control, leaving no area unreached. Owing to its special flow control, it offers a quieter and more comfortable bathroom experience.

SensoClean Urinal

SensoClean Urinals offer a much more comfortable and hygienic solution in public areas such as schools, hospitals, shopping malls, restaurants and hotels, thanks to their integrated sensor washing functions.

ISVEA
SANITARY WARE**Waterfall**

Waterfall washing technology provides an impressive "waterfall"-like cleaning experience by flowing water in a special way.

**Tornado**

Tornado washing technology performs a quieter function by scanning the chamber wall in a circular cycle on a special axis, with water coming out from a single center.

**RimLess**

Cleaning is facilitated by removing the duct on the inner surface of the standard toilet bowl and obtaining a flat surface.

**CleaRim Plus**

Washing system that reduces bacterial growth thanks to easy and hygienic cleaning thanks to ring holes.

**4L**

A reservoir suitable for 4 liters of water should be used to reduce the risk of water overflowing according to the capacity of the toilet bowl.

**Slim Cover**

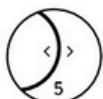

Standard toilet seats are offered in a thinner design.

**AquaPlus**

Thanks to its special inner chamber design, aquaPlus WC pans both function fully with 4 liters of water instead of 6 liters, and provide effective cleaning.

**Concealed Cistern**

It provides many years of use with the system attached to the wall.

**Sharp & Slim**

5 mm thin edge design technology in infinity washbasins.

**SmartFix**

smartFix technology saves time and labor by installing the toilet in the fastest way thanks to its special mounting kit.

**Back To Wall WC**

Suitable for bathrooms not suitable for concealed cisterns

**SmartFix Plus**

Easy montage There is a specially developed mounting kit that can be mounted through the holes of the toilet seat, the screw holes are not visible, it offers an aesthetic solution.

**SensoClean**

Integrated bidet with sensor.

**CleanWash**

The bidet spout integrated next to the toilet bowl provides comfortable use.

**UltraFlat**

11 mm thin edge design technology for sinks.

**Smart Plus**

Silent and safe use with smart cover technology.

**V Flow**

Provides V-shaped overflow hole feature in sinks.

**U Flow**

Provides U-shaped overflow hole feature in sinks.

**Quick Release**

Thanks to the seatPlus feature, the toilet seats can be easily removed and reinstalled after cleaning.

**Soft-Close**

Slow closing feature of the toilet seat.

**Environmentally Friendly**

It has been produced by paying attention to the efficient use of natural resources.

**EasyFix**

Automatic and Soft Close Awarded Hettich Sensys Hinges

Hettich Sensys hinges, preferred in one of every two cabinets in Germany, provide silent and safe closing with minimal touch, thanks to their automatic and soft-close features from an angle of 35 degrees. They operate in full function in the temperature range of +5°C to +40°C. Hettich Sensys hinges, which have won many awards with their stylish appearance, silent system and durability, come to the fore with the innovative benefit in furniture equipment.

Quartz Countertop

It makes the furniture ideal for safe and comfortable use, non-slip surface in the drawer and its slow closing feature. offers a durable solution for long-term use, thanks to the extra-resistant quartz countertop used in the washbasin unit against water and scratches.

Anti-Fog & Multi-Color

Led illuminated mirror, offers a high level of comfort to its users with the Anti-Fog and Multi-Color features on its mirror. While the Anti-Fog feature prevents fogging on the mirror, the Multi-Color feature, which can operate between 3000-6500 Kelvin light values, can adjust the light tone as warm-cold as desired.
